3. Is there a limit to the number of participants who can apply?

We have a large number of US participants already registered to participate. Please share your estimates with States' 4-H if you think the participant number will be greater than 50.

4. What if a participant does not receive a reply from her/his American pen pal?

1. States' 4-H requests that the international partner organization first ask the participant to try the alternative methods of contact provided at the time of matching: 2nd email, phone number, etc. The international partner organization should also inform States' 4-H that the participant is not receiving responses.
2. If the participant continues to not receive a response within **five days** of trying the alternative contact, States' 4-H will make its best effort to re-match the participant with a new pen pal. Note: re-matching will be done based on availability, participants may not have a second pen pal who is the same age/gender as their first pen pal.
